

TECE push plates
Overview

The right frame for flush-mounted installation.

Flush-mounted installation of TECEsquare and TECEloop glass

The push plates can be integrated fully flush to the wall.

Specialists can carry out installation with the optionally available installation frame.

The toilet and urinal installation frame **is required** for installation of TECEsquare **metal**.

Toilet and urinal installation frame for flush mounting

The toilet and urinal installation frame can be used in combination with the TECEprofil modules for dry-wall construction. In a brick pre-wall, flush-mounted installation is achieved with the TECEbox brick-wall construction modules and with brick-wall construction bare-wall protection system for flush-mounted installation.

(Order No. 9 030 029)

Toilet installation frame

Depth-adjustable for wall coverings from 5 to 18 mm (up to 36 mm with upgrade set). The different frame colours allow individual modification in line with the cover or wall.

Every TECE toilet push plate fits to every TECE cistern.

A cistern - countless possibilities

For years, the TECE cisterns have been proven millions of times in practice. The drain valve inside the cistern was awarded the Design Plus prize for sustainable water use. It permits a real 4.5 litre short flush even with the use of dual flush technology. For installation, the cistern is delivered as a TECEprofil module for dry-wall construction or as a TECEbox for brick-wall construction. TECE push plates can **only** be combined with the TECE cistern, because the special design of the cistern means the TECE toilet push plates are relatively small. As a result, they integrate unobtrusively in the bathroom architecture.

Buttons bright chrome

9 240 669
Buttons brushed stainless steel

9 240 673
Glass cover orange

9 240 678
Glass cover coffee brown

9 240 674
Glass cover black, Alape and Emco

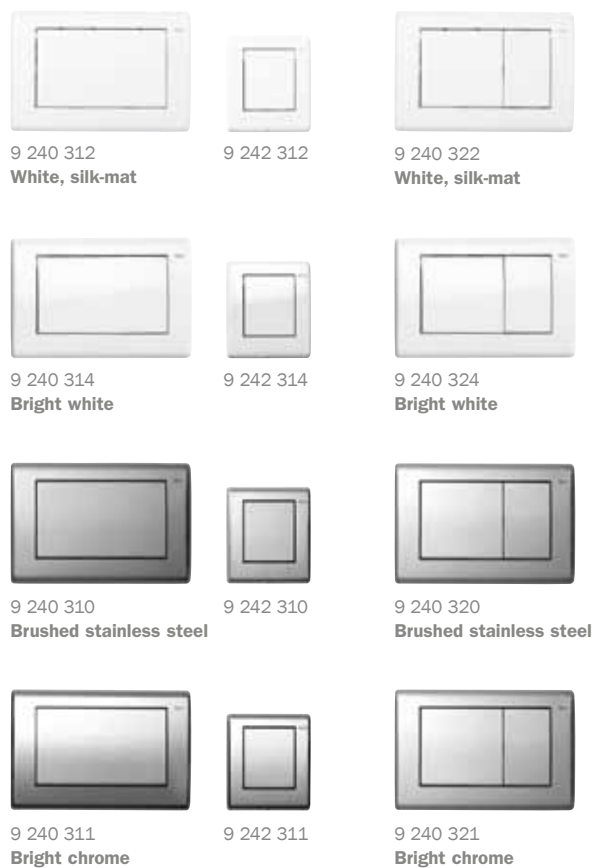

9 240 679
Glass cover ruby red, Alape

The buttons and glass covers can be freely combined with each other. This produces a total of 104 different possible combinations. The highlight: Some of the glass covers are colour coordinated with the products from Alape (see ruby red glass cover, Alape) Emco and Burgbad. So the bathroom planner always has the right toilet push plate at hand.
