INTRODUCTION

OPTIMUM SOLUTIONS FOR YOUR PROJECTS

Cutting edge technology, contemporary and innovative designs, reliability, durability and affordability are the corner stones of VitrA's Commercial Collection.

The Commercial Collection includes a wealth of products, available in a range of sizes which are suitable for all types of projects, from housing complexes, hotels and restaurants to smaller projects including private dwellings and public areas.

The Commercial Collection includes washbasins, furniture units, mirrors and WC pans with water conservation features as well as products specifically designed for physically less abled individuals – all produced according to international standards with the guarantee of the VitrA brand.

We have hand-picked a large range of products which especially lend themselves to being suitable for projects of any scale. To see our full range of products please request a copy of our Bathroom Collection and Designer Collection brochures.

INNOVATION

A HISTORY OF INGENUITY

VitrA's rich heritage can be traced back to 1909, when renowned Turkish pharmacist Süleyman Ferit Eczacıbaşı began producing bathing and cologne products at his pharmacy in Izmir. Thirty years on, his son Dr Nejat Eczacıbaşı continued the family's flair for innovation by establishing a pharmaceutical laboratory in Istanbul.

This business grew rapidly and in 1952 he opened the first Turkish modern pharmaceutical plant. Within the decade Eczacıbaşı's vision had grown to encompass ceramic sanitaryware and in 1958 he created the first centre for its production in Turkey. VitrA was born.

INNOVATION CENTRE

VitrA's innovation centre is the creative hub for the design and production of new materials, processes and technologies for our bathroom products and tiles. Here, architects and designers are encouraged to free their imaginations and original ideas are showcased in a setting that blends design with culture, art and lifestyle.

This approach results in innovative solutions that transform an ordinary bathroom into an exceptional living space – new ideas that improve comfort and ergonomics, and ensure sustainability.

EVOLUTION OF THE VITRA BRAND

Süleyman Ferit Bey, Dr. Nejat Eczacıbaşı's father, is given the title of "Eczacıbaşı".

1912

Dr. Nejat Eczacıbaşı establishes a pharmaceutical laboratory in Istanbul. His first product is a vitamin capsule.

1941

Eczacıbaşı opens Turkey's first production plant for ceramic sanitaryware.

1958

1977

The Eczacıbaşı Group's first ceramic factory in Bozüyük began production (over time this grew to become the Bozüyük mega complex).

1966

The VitrA brand was first adopted.

1952

Eczacıbaşı inaugurates the first Turkish modern pharmaceutical plant in Istanbul.

1909

Süleyman Ferit Bey buys the Sifa Pharmacy in Izmir and begins producing toothpaste, lotions and creams.

The group opened its first brassware plant within its Bozüyük mega complex.

1979

Production of acrylic bathtubs and ceramic tiles began at the Tuzla plant.

1991

VitrA opens a sales and marketing office in the USA.

1995

The group's first manufacturing plant was opened abroad in Ireland, manufacturing ceramic tiles.

1999

VitrA is an international brand, producing 5 million pieces of sanitaryware per year and exporting to 75 countries worldwide.

2000

VitrA became the first sanitaryware producer in Europe to receive a European Foundation for Quality Management (EFQM) award.

TODAY

AWARDS / ACCREDITATIONS

DESIGN EXCELLENCE RECOGNISED

The superior design, quality and innovative features of Vitra products are acknowledged with some of the world's most prestigious awards.

Bella
Vitra Design Team

M-Line – Rimless
with Vitra Fresh
NOA

Vitra's successful relationships with international designers has led to the company winning many accolades for its products. Among these are the Wallpaper Design Award, an Elle Deco Award, Good Design Award and Red Dot Design Award. Vitra has received three iF product design awards for excellence in product and design quality.

ACCREDITATIONS

Vitra products have been developed to comply with British and European standards. Vitra is accredited to ISO 9001, ISO 14001, EN 16001 and OHSAS 18001. Vitra also conforms to WRAS flushing standards, BREEAM requirements and UK Building Regulations. These accreditations ensure compliance with applicable laws and regulations, as well as encouraging minimal environmental impact during the process of design and manufacture of our products.

*Cistern fittings only

CASE STUDIES

CREATIVE SOLUTION PARTNER

Competent and cost-effective, Vitra is a highly sought after solution partner for architects, engineers and developers involved in prestigious projects across the world.

Heathrow Airport – Terminal 5
Location: London, U.K.
Architect: Richard Rogers
Contractor: Mansell

Serving 30 million passengers a year, Heathrow Terminal 5 is the busiest of all BAA's terminals. Terminal 5 is intended to reinforce Heathrow's position as Europe's principal intercontinental hub.

With over 50 WC facilities throughout the terminal, all needing to meet strict design, accessibility and durability criteria, a new approach to the washroom specification was required. T5's accessibility strategy demanded that all washroom facilities should not only meet but surpass the current Part M Regulations and Design Disabilities Act. Unfortunately there was no product in the market place that met the project needs, so BAA Design approached Vitra to fulfil their requirements.

Park Plaza Westminster
Location: London, U.K.
Pod Manufacturer: E. J. Badekabiner
Investor: Galliard-Homes Company

Park Plaza Westminster Bridge is an opulent, luxurious hotel situated directly opposite one of the capital's largest tube and rail transport hubs, occupying a commanding location with unrestricted views over the Thames, Big Ben and The Houses of Parliament. Park Plaza Hotels & Resorts are part of Carlson Hotels Worldwide, the world's ninth largest hotel company.

Park Plaza Westminster Bridge features spacious guest rooms and over 500 studio rooms with extensive leisure facilities, such as concept restaurants, bars and an onsite fitness centre. Other facilities include one of London's largest conference rooms, business lounges, executive meeting rooms, a ballroom and indoor pool.

BLUE LIFE

A PLEDGE TO THE FUTURE

Blue Life is the production approach, design, attitude and management outlook of all Eczacıbaşı Building Products Division brands including Vitra.

Blue Life

For our blue planet...

- Blue Life means reducing the use of non-renewable resources in the production process.
- Blue Life means making significant investments towards boosting eco-efficiency.
- Blue Life means developing products that promote power and resource conservation at the end-user level driven by a concern for the environment and for our collective future.
- We believe managing the future requires efficient management of our resources today; good design also means taking responsibility for resource conservation.

YOUR CONTRIBUTION TO SAVING WATER

Vitra's products are developed and designed in line with our Blue Life philosophy, and reflect our commitment to preserving and recycling natural resources.

WATER SAVING RATE FOR WC PANS PER YEAR:

* Based on 4 people each flushing 5 times per day

All Vitra concealed cisterns are equipped with fill valves and by adjusting the gauge, it is possible to operate the cistern with 2.5/4 L or 3/6 L flow performance.

IF 250 WC PANS WERE CHANGED FROM A 9 L TO A 2.5/4 L CISTERN, ENOUGH WATER WOULD BE SAVED TO FILL 3 OLYMPIC SIZED SWIMMING POOLS

5672 Wall-hung WC pan, rimless with Vitra Fresh
90-003-009 Toilet seat, soft closing

M-LINE

Intelligent and innovative the M-Line series is the epitome of architectural aspiration and modernistic materials. Elegant and sophisticated it creates an exclusive ambience in all sized spaces, setting the architect free and empowering design flexibility with its endless variations.

BRASSWARE & ACCESSORIES

Designed and manufactured specifically for the UK market and to meet the requirements of varying UK water pressure, the brassware is incredibly easy to install. The main body of each item is of brass construction, and this durability is underpinned by the reassurance of a 5 year guarantee on chrome plating and a 1 year guarantee on moving parts.

VITRA RIM-EX

Vitra’s RIM-EX series prevents proliferation of harmful organisms thanks to its innovative design. Vitra RIM-EX WC pans are easy to clean, offer maximum hygiene and are available in various models, suitable for every style of bathroom.

WATER SAVING

Developed by Vitra with special bowl structures and low-flow internal mechanisms, the 2.5/4 L water conserving WC pans provide efficient flushing with less water, and are certified for the lowest water consumption by EU standards.

ACCESSIBLE

Vitra bathroom products are designed to accommodate those who are less-able or have special needs. These products are wheelchair accessible and provide enhanced convenience in the bathroom.
